Natural & Clinically Proven
Skin, Hair & Body Care Solutions

*Harnessing the Power of Nature & Science with the most
Effective Organic Ayurvedic Botanical Skin & Hair Active ingredients..
Hand-crafted in the Heart of the Blue Ridge Mountains...*

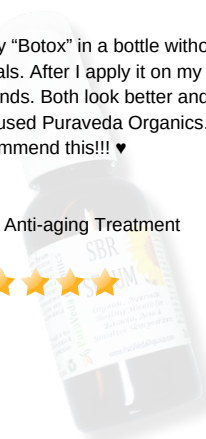

My experience with Deb and Puraveda has been wonderful, they care about their customers and they genuinely wants us to succeed. Being in the paramedical and skincare industry, the quality and purity of the products are key to a smooth post procedure care. The results have been much greater with their products.

- Laure Klapac, L'or Cosmétique, California

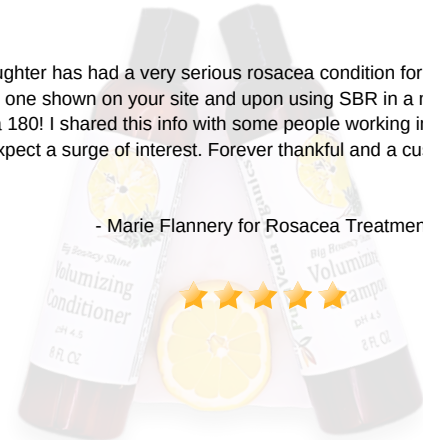

Peptide complex is truly "Botox" in a bottle without all the side effects and chemicals. After I apply it on my face I use any left overs on my hands. Both look better and younger then they did before I used Puraveda Organics. I highly recommend this!!! ♥

- Nancy for Anti-aging Treatment

My daughter has had a very serious rosacea condition for many years similar to the one shown on your site and upon using SBR in a matter of days has done a 180! I shared this info with some people working in plastic surgery so expect a surge of interest. Forever thankful and a customer for life!

The Puraveda Story - The #CleanBeauty Initiative

2018-Present

An Eco-Friendly Smaller-scale Beauty Brand

Our business has continued to grow, mostly via word-of-mouth & expanding into developing more of our dosha-based lines. We now boast 30+ products and sets, now used by many professional spas & salons. With an impressive customer retention rate & repeat customers, we also offer a truly transparent 60-day money back guarantee.

May, 2009

Discovery of TOPICAL BO-TOX

In our travels in New Delhi, India, our Founder/CEO discovered a 'miracle cream'. After talking with many flight attendants who swore by it, (Deb's husband is an Airline Pilot), Deb tried the cream & was impressed with its efficacy.

July, 2009

AYURVEDA MEETS WESTERN SCIENCE

Deb contacted and then toured the pharmaceutical factory (Shalaks) that manufactured this 'Miracle Cream'. She found that it not only contained proven 'Argireline & Matrixyl Peptides', but was also based in Ayurvedic botanicals. The owners offered her an opportunity to bring the product (then named Boxtlak-BL) to the USA.

2010

FORMING THE COMPANY

Deb originally formed Teva (a Hebrew word for 'of the earth') Skin Science and later relabeled this miracle cream in compliance with our FDA, now named "BioScience Peptide Complex" - signifying a modern peptide formula based in Ayurvedic botanical science.

2011-12

HUNDREDS OF UNITS SOLD IN 1st MONTH

Our first big trade show by huge professionals! We were surprised with so many positive feedbacks on the product & some invaluable advice. We needed more products.. We also tried our hand on Amazon and sold hundreds of units the very first month. Many of those customers are customers to this day!

2013

MEETING OUR CHEMIST & DESIGNING THE 3-DOSHA LINES

Trade shows continued and we were eventually introduced to a semi-retired Ayurvedic chemist in the USA. He designed 3 lines of 'Dosha' specific Cleansers, Hydrators & Serums, complimenting our original BioScience Peptide Complex. Our laboratory was rebuilt and relocated to our home office town of Asheville, NC.

2018

Rebranding 'Puraveda Organics'

We rebranded our company to 'PuraVeda Organics' & are now selling exclusively on our website to retail & wholesale customers.

2017

EU & East-West Reach

Our new blog & website was launched. We also cleared our products via EU standards & began selling wholesale to spas, and East/West Medical practitioners. By this time, we had brought on more products including our SunProtect SPF30+ - a top selling mineral Sunscreen.

2014-15

INTO THE LIMELIGHT - PRESS & AWARDS

Shalaks pharmaceuticals was sold. We reformulated our original BioScience Peptide Complex with wholly organic & sustainably wild-crafted ingredients in keeping with the rest of our line here in the USA. We had also begun getting positive press and awards, including Organic Spa and International Beauty Magazine Awards.)

Cleansers

Cleansers are an important first step in any serious skin care regimen. A good cleanser will help 'break the surface tension' of the upper dermal cells, allowing for removal of deep cellular debris and environmental pollutants that can accumulate and block your skin's ability to uptake oxygen and topical nutrients in treatment serums.

01 DAILY FOAMING CLEANSER

GENTLY CLEANSE, REFRESH & NOURISH
With Aloe Vera, Sea Minerals, Grapeseed Oil, White Willow Bark (Salicylic Acid), Pectin, and other botanicals. Eliminates grime, hydrates & improves Collagen production.

Revitalizes Overall Skin Health with Zero Toxic Chemicals.

12 VANILLA SILK BODY BUTTER

DEEP BODY SKIN COLLAGEN AMPLIFICATION & HYDRATION

Prevent dry, 'ashy' skin around the clock. Antioxidants, Shea Butter, Nourishing Essential Oils, Vitamins, Plant Sterols, Biotin, and Botanicals strengthen pH barrier and protects from environmental damage. Slows down aging and provides vital oil-moisture balance for dry, damaged skin. Infused with the de-stressing, rich, warm, and comforting fragrance of pure Madagascar Vanilla Essential Oil.

Skin Types: All

Vanilla Silk Body Butter works best when applied after shower or for extra hydration right before bed. Follow with SunProtect SPF 30+ Sunscreen for daytime protection from UV rays. Concentrate on hands, feet, and elbows.

Eye Skin Care

The skin around the eyes is very thin with less oil producing glands and hundreds of tiny muscle contractions due to facial expressions daily, which can cause dehydration, puffiness, dark circles, eyelid discoloration, & the appearance of fine lines and crow's feet around this age-betraying area. Start with Aloe Eye Serum (Daytime) + Eyeliner Prevention Oil (Night time) from your early 30s for visible improvement within 2 weeks & cumulative improvement with each skin turnover cycle (approximately 4-6 wks).

13 **ALOE EYE SERUM**

*REDUCE SWELLING & EYE BAGS
